## OHIO COUNTY TEACHERS HOLD ANNUAL INSTITUTE

Enrollment of 151; Splendid Instructor; Much Interest Manifested

The Ohio County Teachers' Institute convened here last Monday, for a 5 day session. A larger attendance than usual was present for the opening and up to Tuesday morning 151 teachers had been enrolled.

The Instructor, Prof. A. M. Stickles, is recognized as one of the leading educators of the state. He is a graduate of Harvard University and has degrees from other noted schools. Almost from the beginning of Western Kentucky State Normal School he has been at the head of the Department of History, and a large per cent of the Ohio County teachers have been members of his classes.

Below we publish the minutes of Monday's program: The annual session of Ohio County Institute met at Hartford College, Sept. 13, 1920. House was called to order by Supt. E. S. Howard, after which the Institute led by Mr. Otis Carson, sang "Stepping in the Light."

Devotional exercise was conducted by Rev. Russell Walker.

Song—"Rescue the Perishing."

Mr. Lyman G. Barrett in behalf of the citizens of Hartford, extended to the Institute and its Instructor a most hearty welcome.

Mr. Ozna Shultz responding in well chosen words expressed the gratitude of the teachers for their cordial welcome.

Organization was next, Miss Mae E. Rogers was elected Secretary.

Following the suggestion of the business men of Hartford, the teachers voted to hold the session of the Institute at the Court House.

After a recess for the purpose of enrollment, Prof. A. M. Stickles addressed the Institute on "History, Its Aim and Value," emphasizing Imagination, Understanding and Character Building in the teaching of history.

Institute then adjourned till 1:15. Afternoon session opened with a song "Merrily, Merrily Round" led by Miss Southard.

Mr. E. F. Liles ably discussed the character and personality of the teacher. "Teachers wanted, are those who give themselves to the work." The best a teacher has is not too good for the child.

"Is the New School Law Relative to High School Training a Wise One?" was well explained by Mr. J. W. O'Dell, showing education a development and those having High School training are able to fill a broader field.

The Secretary followed with a few remarks.

The question was asked "How are teachers to get credit for the High School work they have done?"

Mr. Payton's reply—"Sufficient evidence."

Mr. Stickles said "Evidence from pupils, responsible people and superintendents."

Mr. C. K. Carson in his usual pleasant way read a well prepared theme naming the many essentials in the training of the rural teacher: health, character, knowledge, tact. "As is the teacher so is the pupil" "We are a part of what surrounds us."

Miss Davidson said "A teacher must know her subject and understand her pupils."

Mr. Stickles in his remarks said "Society demands certain standards of the teacher. Teachers must be the economic leaders in the community. Adapt the best in education to where the children are. Teachers should adapt their leadership to the communities in which they are located."

Recess  
"Merrily, Merrily Round" was again sung.

Mr. J. S. Mitchell says the new law with regards to teachers' certificates is one of the greatest laws ever passed. It tends to take school from politics.

Miss Birdie Midkiff very kindly gave her time to the discussion "Methods of employing teachers" to Mr. W. S. Hill who read from the statutes the law and ably discussed the subject. The Board of Education should be able to judge whether or not a certain teacher is able

to adapt himself to the conditions in a certain community.

Mr. John Hamilton brought out some fine points on how to induce young people into the teaching profession.

Mrs. S. O. Keown in her interesting paper showed how qualified teachers can be obtained in the rural school.

In review, Mr. Stickles emphasized the living wages of the teacher. "Sociology is the bulwark of education."

With a splendid eulogy to the teachers, Mr. Howard adjourned the Institute for the day.

Below are the names of the teachers enrolled: Ada Wedding, Mary Davison, Grace Telford, Amy Pickenbaugh, Jesse Petty, Ruth Mercer, Virgie May Burdette, Ethel Muffett, Marie Fuqua, Emma Wright, Opal Brooks, Irene O'Dell, Ruth Godsey, Ida Matthews, Imogene Plummer, Ethel Russell, Mrs. Anna Ferguson, Bessie Russell, Vera Miller, Margaret Cardwell, J. ## HELP CLOSE THE DANGEROUS ROAD

### REFORMATORY FOR PARENTS

So Urges Baltimore Judge After Lecturing Remiss Mother

Baltimore, Sept. 14.—A reformatory for parents as the most effectual method of stopping crime was the suggestion of Judge T. J. C. Williams of the Juvenile Court here in the case of William Garrity, nine years old, of this city. In many cases it is not the child's fault, but of the mother, the Judge explained to Mrs. Martha Garrity, William's mother, who was accused of ignoring her responsibilities for the child's welfare.

Little William obtained his independence from parental restrictions at an early age. The boy was arrested on a vacant lot last night. The policeman testified that the child had admitted spending the evening at the movies and, exhausted, he had fallen asleep in the lot. The case was dismissed only after Mrs. Garrity promised to keep William at home nights.

### REV. J. B. ROGERS TO PREACH 25th ANNIVERSARY SERMON

Rev. J. B. Rogers, Chicago, Ill., will preach at Slaty Creek church, Sunday Sept. 26 at 11 a. m. and at 2:30 p. m. This is the 25th anniversary of his ministry, he having preached his first sermon at Slaty Creek, 25 years ago.

There will be an all day service and everyone is expected to bring dinner. The following churches are requested to send delegations: Green River, Mt. Zion, Hartford, Beaver Dam, East Providence, West Providence, Cool Springs, Liberty, Salem, Butler Co. and Little Bend, Butler Co. Everybody is invited. Rev. Rogers will preach at Beaver Dam Sunday night, Sept. 26.

### ADDITIONAL TEACHER ELECTED FOR HARTFORD HIGH SCHOOL

Because of the unprecedented enrollment of High School students, the Hartford School Board has elected Prof. Roy H. Foreman as an additional teacher for the High School.

There will now be four teachers devoting their entire time to High School work, the others being Prof. J. F. Bruner, Principal, Miss Mary Marks, Vice Principal, and Miss Martha Stevenson.

### FOR SALE

F. L. FELIX.

### FOR SALE

Orin Ford Touring Car, completely rebuilt, practically as good as new. A bargain if taken at once.

CARL T. SANDEFUR.

### TO BE PROSECUTED FOR VIOLATING ATTENDANCE LAW

More than 30 prosecutions have been started against parents who have failed to send their children in compliance with the attendance law enacted by the recent session of the state legislature. As the law provides for a penalty of \$5 or more for each offense thus placing no maximum limit to the fine, the cases cannot be tried in county court. The parties will be arrested and will have their examining trial before the County Judge and if proper proof is submitted, their cases will be referred to the grand jury and will then be tried in Circuit Court. Warrants have been issued and will be served within a few days.

### LOSS AT CANNING FACTORY

Owing to the large amount of tomatoes delivered at the canning factory last week, and the scarcity of hands it was necessary to operate the plant, Sunday. Notwithstanding this, the company lost about \$300 worth of tomatoes. The record day of the season was Monday when 1400 cans were prepared, canned and crated. Fast peelers are making good wages, some of the ladies averaging more than \$4.00 per day.

### \$100 REWARD

JESSE LEWIS SHEFFIELD

Who left his home, Hartford, Ky., May 20, 1920, was 15 years old Feb. 15, 1920, about 5 feet 4 inches tall, weighed 100 pounds, light haired, blue eyes and light complexion, with rosy cheeks, the bridge of his nose had been broken, and he breathed through one nostril. It is known that he registered in one place as "Jack G. Swann," of Owensboro, Ky. \$100.00 reward will be paid for positive and direct information as to his whereabouts. It is not desired that he be returned to his home, or detained against his will, but merely that his distressed and heartbroken mother and father may learn of his location and know that he is alive and well. Write or wire, MR. and MRS. A. A. SHEFFIELD, Hartford, Ky.

### PARENT-TEACHER ASSOCIATION HOLDS INTERESTING MEETING

Hartford P. T. A. held its first meeting of the school year in the High School chapel Friday afternoon, Sept. 10, with the president, Mrs. John B. Wilson presiding. A nominating committee consisting of J. M. Bruner, Mrs. A. K. Anderson, and Mrs. Wm. Bean was appointed by the president, to recommend officers for the ensuing year, at the meeting in October. The president also appointed Mrs. Otto C. Martin, Mrs. J. R. Pirtle and Miss Mary Laura Pendleton a committee to purchase 8 pictures. One will be given each month to the grade having the largest representation at the meeting of the Association.

Mrs. Fulkerson, Mrs. Harris and Miss Lettie Marks were appointed a committee to purchase a victrola for the school. Mrs. Foster Mrs. Schlemmer and Mrs. Schroeder were appointed a committee to serve refreshments at the School fair, Friday October 22.

The Association voted to offer a prize of \$5.00 to the High School grade in the county offering the best general display at the School fair. Prof. J. F. Bruner and Rev. E. Watt Smith were appointed a committee to confer with the school board about securing a picture machine for the school. A ball game between the fats and the leans is being planned for the near future.

### U. S. SUES MAINE CANDIDATE

Washington, Sept. 11.—Suit has been begun by the Government against Frederick H. Parkhurst, Republican candidate for the Governorship of Maine, for the recovery of \$5,452.75—the amount of the overpayment the War Department claims was made to him when it came to settling up the war contracts he held that were interrupted by the signing of the armistice.

The Government charges that the amount was collected by Mr. Parkhurst on the representation that it comprised payment or obligations the leather he manufactured into bridles and other horse appliances, to sub-contractors who furnished whereas the sub-contractors had not been paid and sent their bills to the Government. The charges are causing excitement in Maine where the campaign is at its height.

### U. S. S. IOWA AWAITS DOOM

Norfolk, Sept. 14.—Stripped of her guns and other things of value the battleship Iowa is lying at anchor in Hampton Roads, awaiting to be towed out to sea where she will become a target for gunners on ships composing the Atlantic Fleet. The Iowa is to be fired on during the fall manoeuvres of the fleet which are to begin on Sept. 17. She already has been under fire the battleship Ohio having fired one shell at her. The Ohio was engaged in manoeuvres with the Iowa when she was called on to go to the assistance of the submarine S-5 off the Delaware Capes.

### PROF. GUY ROBERTSON HERE

Prof. Guy Robertson, teacher of penmanship in the Bowling Green Business University is attending Institute and working in the interest of his school. Prof. Robertson was reared in Ohio County and is well known here having made the race for County Clerk in 1917. He has tendered his resignation as teacher at Bowling Green and will enter Chicago University at the beginning of the fall term to pursue a course in economics.

### ATTEND STATE UNIVERSITY

The following young folks will leave within the next few days for Lexington, where they will reenter Kentucky State University: Otis Howard, Glenn Tinsley, Byron Williams, Oscar Bennett and Hinton Leach. New students who will attend from this section are: Miss Martha Carolyn Pate, Powell Tichenor, John Allen Wilson and Webster Clark.

### TALL BROOMCORN

Stetcher B. White brought us three stalks of broomcorn, yesterday, measuring 13 feet in length. The corn was raised on a lot belonging to his mother, Mrs. Bessie White, in the old fair ground addition of Hartford. They have two rows across the lot most of which is nearly this tall.

## GOV. COX SEEKS TO REACH THE MASSES

Tells Spokane Crowd He is An American Rather Than Partisan Candidate

Spokane, Wash., Sept. 11.—Speaking at the Interstate Fair Gov. James M. Cox said he had come here to know the people.

"I am a progressive I am a Democrat in the broadest sense," the Governor continued.

"I come to preach progress and the gospel of peace," he said.

"I ask you to forget that I am a candidate of a political party," he said. "Let us assemble as Americans and not as partisans."

Mr. Cox reiterated his attacks on the "Senatorial oligarchy." The candidate also went over his charges against the Republican contribution plan and the Republican leaders.

He also discussed his charges against the Republican contribution quotas. Assistant Treasurer Blair, the candidate said, testified that the number of cities allotted quotas was fifty-four instead of fifty-one, as named by the Governor in his Pittsburgh address.

Referring to denials of his charges before the Senate Committee, Mr. Cox declared that he had the right to insist on enforcement of law against perjury.

Progressivism was outlined by the Governor and he reiterated that radicalism would have been avoided in North Dakota if its Legislature had protected the farmers against being "robbed by Eastern grain interests."

### LARGE STILL CAPTURED IN LARGE COUNTY

Hodgensville, Ky., Sept. 9.—Early yesterday morning revenue officers Coleman, Hamilton and Whitaker, assisted by Sheriff Hornback, captured and destroyed a moonshine still about two and one-half miles from Leafdale. The still was one of the largest ever captured in the county, having a capacity of 120 gallons. The still was made of copper and the entire outfit was complete, having 15 mash tubs with a 200-gallon capacity and also nine barrels. At the time of the capture the officers found 1500 gallons of beer and 50 gallons of singlings, which showed that the operators were getting ready to make the liquor. Other articles found were several bags of meal, one bag malt two shovels, one crosscut saw and a loaded shot gun. The operators were evidently suspicious and failed to appear on the scene, one man was seen coming in the direction of the still, but before reaching his destination, he turned and ran, escaping into the woods. No arrests were made.

### CHINESE CIVIL WAR GROWS

Peking, Sept. 13.—The new civil war against the Canton Military Government by Gen. Tang Chi Yao, Yunnan leader, is growing in magnitude. Kwangtung Province troops were reported to-day to have surrounded Waichow, 100 miles east of Canton. Taking advantage of the engagement of Kwangsi Province troops in defending Waichow, Gen. Tang is reported to be preparing to invade Kwangsi Province from several routes through Yunnan Province, supported by Gen. Li Hsia Shih, Military Governor of Kweichow Province.

Gen. Tang has informed the Peking Central Government that peace negotiations between the southwest provinces and the north will not be resumed until the Canton Military Government has been suppressed.

### CAPT. WHITE SELLS 'PEARL'

Capt. A. D. White has just closed a deal with the West Hartford Coal Co., whereby that company becomes the owner of the gasoline launch, Pearl. This boat has been in the possession of Capt. White for more than 20 years and is well known along Rough and Green Rivers.

# "INSIDE FARM DOPE"

A COLUMN FOR OHIO COUNTY FARMERS SUPPLIED BY EXTRACTS  
FROM THE OFFICE OF THE DEAN OF AGRICULTURE AND  
YOUR COUNTY AGENT—ASK YOUR COUNTY AGENT

Kentucky Farm Bureau Federation  
Every farmer in Kentucky who is a member of his County Farm Bureau is also a member of the Kentucky Farm Bureau Federation, and the American Farm Bureau Federation.

The dues to the Kentucky Farm Bureau Federation and the American Farm Bureau Federation are \$2.00 per annum for each member in the County Bureau. One half of these dues have been paid in, so every Farm Bureau member is now entitled to a six months report showing him what he received for his dollar.

The following is what his one dollar helped to accomplish. Passed the repeal of the Day-Light Saving Law. Put back the Anti-Slavery clause in the Railroad Bill after it had been removed by Congress.

After Congress had stricken out an appropriation of one and one half million dollars from the Agricultural Appropriation Bill for Agricultural Extension Work, it caused this item to be replaced in the Bill with an additional half million dollars added for good measure, making a total of two million dollars additional for Agricultural Work.

Placed several planks in the Republican and Democratic platforms that are of great importance to all farmers. Started plans for a gigantic grain marketing scheme that will eventually stabilize all grain markets and says farmers from five to ten million dollars annually in commissions. Has assisted in organizing Farm Bureaus in five additional States, namely, Maine, Nevada, Wyoming, Florida and North Carolina, making a total of thirty three States now organized with a total membership of about 1,200,000.

Has assisted in organizing Farm Bureaus in fifteen additional Counties in Kentucky, namely Bourbon, Boyd, Breckenridge, Barren, Carroll, Carlisle, Crittenden, Caldwell, Hickman, LaRue, Lawrence, Marion, Nelson, Oldham, and Trimble, making a total of forty seven counties now organized.

Passed the Farm Bureau Incorporation Law through the Kentucky Legislature after it had been smothered in committee. Passed the Limestone Rate Bill giving a low freight rate on limestone for agricultural purposes.

Advanced the Volstead-Capper Co-operative Marketing Bill from number 1500 on the congressional calendar to within 3 of the top of the list, and later got the bill passed in the House of Representatives after it had remained in Committee for months and by inaction had threatened the existence of every farmer's co-operative organization in the nation. Defeated the Nolan Bill which would have added one billion dollars annually to the taxes of farmers.

Obtained an appropriation of one half million dollars to eradicate the European corn borer.

Arranged for long time credits for farmers through the Federal Reserve Banks at a time when financial affairs were strained. Assisted the sugar-beet farmers in the West to get satisfactory contracts from sugar factory concerns for increasing the beet area in the West by 12,000 acres for the season, and saved over a million dollars to the growers.

Employed the services of Clifford Thorne, the greatest railroad rate expert in the United States, to look after the interests of farmers at the rate hearings before the Interest Commerce Commission at Washington.

Arranged for loans, through the Federal Reserve Banks, on wool held by farmers in pools.

Assisted County Farm Bureaus in pooling 600,000 pounds of wool in Kentucky. Has obtained the co-operation of county, city and agricultural papers in giving the proper kind of publicity to agricultural affairs and in presenting the problems of farmers to the people of the State from the correct viewpoint.

Has given to Mr. George Colvin, State Supervisor of Public Instruction, the backing of an executive organization to assist him in his laudable ambition of giving to children born in the country educational facilities that are the equal of those now being given to children born in towns.

Has given to Mr. W. C. Hanna, Commissioner of Agriculture, the support of organized farmers to help him in his ambitious plans for the development of agriculture in the State.

Arranged for Friday, September 17th, being designated as Farm Bu-

rean Day at the Kentucky State Fair, which will give a tremendous amount of publicity to the Farm Bureau movement in the State. After three calves in Trimble County had lost twenty pounds in weight in 20 minutes it showed how to put this 20 pounds back on these calves in one minute.

## Extension

L. J. Horlacher has returned from the University of Illinois where he selected three head of purebred Rambouillet ewes which will be sent to Kentucky next month and will be the foundation animals for a Rambouillet flock at the Experiment Station farm. Mr. Horlacher will go, the week of August 16th, to Denver to attend the sheep sale to be held there.

Two purebred Hereford steers have been bought from T. L. Hornsby of Etahence and will be brought to the Experiment Station farm to be kept for student judging in class work.

County agents do not forget to tell farmers about E. J. Kinney's Circular No. 81 on crimson clover and its possibilities in Kentucky. Crimson clover seed is sown in the late summer or early fall and if the plants are only a few inches high when plowed under, a thick stand will add considerable nitrogen to the soil. Give the farmers the benefit of what has been prepared in Circular 81.

County agents and Home demonstration agents should begin to talk up the short course to be given by the College of Agriculture, November 1, 1920 to February 26, 1921. Its the farmer boy's big opportunity to get first hand information to take back and add to his father's practical experience and the result will be agricultural efficiency equal to the best. The farmer who takes the short course will understand your work, county agents, and will assist you accordingly. Help the farmer, help yourself and help the College of Agriculture.

## THE FARMER'S WIFE

If farm life is to be made thoroughly attractive, attention must not be given exclusively to the barn and live stock; more of it must be given to the kitchen and laundry. Farm life must appeal to women as well as men. Long hours over the kitchen range or the wash tub are no more alluring than long hours aboard a tractor or binder.

A recent survey of more than 10,000 farm homes in typical agricultural communities brings to light some striking facts. The average working day of the woman on the farm is 11.3 hours a day the year round. During the summer months she is able to find daily only 1.6 hours of leisure and 2.4 hours in winter. In half the cases she rises and is at work again in the morning.

The routine of this composite individual consist of the preparation of three meals a day, keeping in order a seven-room house, filling and cleaning kerosene lamps, feeding the poultry, churning, washing, baking and sewing. At certain seasons of the year she also gardens, assists in the care of live stock, and work in the fields. All of this is in addition to the care of her children.

In spite of the number and the difficult character of many of their tasks, the farm women are given inadequate equipment. Sixty per cent must go to the spring or to the pump for water, 80 per cent have no bathrooms, and 54 per cent have to carry fuel for two wood or coal stoves. Whereas 48 per cent of the farms covered by the survey had power driven farm machinery, only 22 per cent had this advantage for the home.

For many decades the easy terms upon which land could be acquired, induced the farmer to direct his energy and income toward that end. But in these days with agricultural labor scarce and with land going out of cultivation for want of man power, a continuance of the policy of making land possession the all important consideration will prove futile. New attention must be paid to raising the standard of living on the farms and, in particular, to making farm life more attractive to the wives and daughters. If the farmer works too long hours with too little help, squanders his wife.—Cleveland Plain Dealer.

# DICK PERRIN IS FIRM IN BELIEF HE'S DOING RIGHT

Says He Intends To Continue Use of  
Trutona To Completely Over-

come His Trouble

Louisville, Ky., Sept. 14.—"I consider Trutona, the greatest preparation that has ever been put on the market, and I'm recommending it to all of my friends," says Dick Perrin, who lives in Louisville at 222 South Preston Street.

"For the past ten years I have suffered with nervousness. When I would raise my arm, it would shake like a leaf. While my trouble did not prevent me from executing my duties, my nervousness caused me much embarrassment at times. Several accidents, of which I have been the victim, helped greatly to increase my nervousness."

"I thought since Trutona was helping so many other people, it might help me, and I decided to try the wonderful medicine. Before I had finished the first bottle of Trutona, my nervousness had greatly abated. I intend to continue the use of this Perfect Tonic, as I believe it will completely overcome my trouble. I have taken many different medicines, but never, have I been helped as Trutona has aided me."

Trutona is especially compounded to build up and strengthen weakened and run-down systems. That the Perfect Tonic is almost unfailing in this respect, has been publicly testified to by, not only Mr. Perrin, but by thousands of others who have been benefited. You should give the Perfect Tonic a trial today!

Trutona is sold in Hartford at James H. Williams, and sold in Beaver Dam, at the Beaver Dam Drug store.—(Advertisement.)

## INGENIOUS STILL IS FOUND INSIDE JAIL

Henderson, Ky., Sept. 10.—Jailer Rod Davis found a moonshine still in the fall being operated by seven white prisoners.

The still was made from a coal oil can with a smaller can under to hold fire. The men had distilled more than a pint of "white mule" from sour cornbread.

For a siphon they had torn up a new disinfectant spray and inserted it in the top of the coal oil can to draw the "white" to run into a tin can.

Fire was made from torn-up blankets and it was the rag smoke that led to the discovery.

For several days the prisoners complained they were not getting enough cornbread and extra supplies had been furnished them.

## NATIONWIDE FIGHT AGAINST DISEASE

**American Red Cross Will Have  
Health Centers in All Parts  
of United States.**

The American Red Cross has launched upon a nation wide campaign of fighting disease and physical defect among the American people. A new and unique health institution has come into being as the result of several months' study by the Red Cross Health Service Department at National Headquarters.

Officials in charge of the department predict that before long this new health activity will be in actual operation all over the country, and that the sign—"American Red Cross Health Center"—will become as familiar to the people everywhere as are now the signs of the telegraph companies.

### Busy Long Before War.

The interest of the American Red Cross in the fight against disease is not, however, of recent origin. Long before the war the organization began this health service through its medical units in disaster relief work and its department of Town and County Nursing. During the war and following the armistice thousands of American Red Cross officials have been fighting disease in the war-stricken countries. At the same time tens of thousands of local Red Cross officials have been engaged at home fighting disease, notably during the influenza epidemics.

The American Red Cross has determined that all this valuable experience in health service abroad and at home shall not go to waste. So long as there are a half a million people dying yearly in this country from preventable causes, and so long as more than one-third of the American children and young people are victims of physical defects, the Red Cross recognizes the urgent need for continued Red Cross health service at home.

### How Organization Works.

The Red Cross Health Center is governed by business principles, applies business methods, and, in its more simple form, can be established and conducted by lay people.

It proceeds upon the demonstrated fact that health is a commodity that can be bought and sold like brooms and soap. Therefore, it establishes itself in a storeroom in the principal business section of the community. It displays its goods in the form of attractive health exhibits in its show windows. It advertises constantly and extensively. And it uses every business and social device to attract customers.

The Red Cross Health Center is of service to the sick in that it gives out reliable and complete information about existing clinics, hospitals, sanatoria and other institutions for the sick and the defective; about available nurses, both trained and practical; about when to consult a physician and why to shun the quack and his nostrums.

### Teaching Disease Prevention.

The Red Cross Health Center is, however, of even greater service to the well. It teaches people how to prevent sickness and disease. This is done in many interesting and attractive ways—first of all, by the distribution of popular health literature and through health lectures illustrated with lantern slides or with health motion picture films. Then special exhibits are given, one after the other, on various health subjects. Practical demonstrations are made; also health playlets by children to interest and instruct themselves and their elders. Classes are organized in personal hygiene, home care of the sick, first aid and in food selection and preparation. Health clubs, both for younger and older people, are formed; also Little Mothers' Leagues. Nutrition and growth clinics are conducted for children.

Already more than a hundred of these Red Cross Health Centers are in actual operation throughout the country. Many of them also conduct medical clinics, but the one chief, outstanding feature of the American Red Cross Health Center is its health education service which teaches well people how to keep well.

## FRENCH PRAISE FOR OUR RED CROSS WORK

Landing the work accomplished by American philanthropy for war-stricken France, Andre Tardieu, former high commissioner from that nation to the United States, in a recent article widely commented on throughout the French press, says:

"The American Red Cross has accomplished a work which calls for the highest gratitude of every true Frenchman. In 1918 this great relief organization spent in behalf of France nearly 87,000,000 francs, and in 1919 its expenditures on charitable projects in our country attained the tremendous total of 171,000,000. It has recently turned over to the French relief organizations huge stocks of supplies whose value must be counted in the hundreds of thousands of francs.

"Fifteen million American boys and girls, banded together in the Junior Red Cross of America, are back of a movement to establish the closest ties between themselves and France's younger generation through the charitable works they have financed, and are now carrying out among our little war sufferers.

"The bonds of friendship between France and America is cemented with mutual admiration, respect and gratitude."

## MYRTLE GRAHAM

We, the members of W. M. U., of Narrows Baptist church, do bow our heads in humble submission to the will of the Lord who doeth all things well and who saw fit to call from our union to a more perfect one our dear departed sister, Myrtle V. Graham, who passed away June 13th 1920.

Myrtle, as she was called by all who knew her, was elected President at the Organization of our union and held that place for some time and did much good for the work as will be remembered by all present members and who the past year of her life often expressed her desire to stay a member of said union as long as she lived, though deprived of the privilege of attending its meetings. May we all strive to so live that we can say as she often said during her last illness, "I am ready and willing to go."

By members W. M. U., Narrows Baptist Church.

## EASY TO END LIFE, MAN SAYS; THEN SHOWS HOW

Madisonville, Ky., Sept. 10.—"I believe this gun barrel is long enough for a man to put the stock on the ground and blow his head off, don't you," asked Hobert Phillips, 22-year-old farmer of Nebo, this county, of 11-year-old Clarence Eades, a neighbor, as the two were standing behind a barn on the Phillips' farm at an early hour Wednesday.

"What makes you thing so," asked the boy.

"I'll show you," responded the young farmer as he rested the gun stock on the ground, placed the muzzle against his left ear and pulled the trigger with his right foot. He was decapitated. No reason is assigned for his act. He leaves a widow and one child.

## THE MOTHER OF MEN

(Joaquin Miller)

The bravest battle that ever was fought!

Shall I tell you where, and when  
On the maps of the world you will find it not—

'Twas fought by the mothers of men.

Nay, not with the cannon or battle  
.. shot.

With a sword or nobler pen;  
Nay, not with eloquent words, or thought

From mouths of wonderful men!

But deep in the walled-up woman's heart—

Of a woman that would not yield,  
But bravely, silently, bore her part—

Lo, there is that battlefield!

No marshalling troop, no bivouac  
song,

No banner to gleam and wave;  
But oh, these battles they last so long—

From babyhood to the grave.

Yet faithful still as a bridge of stars,  
She fights in her walled-up town—  
Fights on and on in endless wars,  
Then silent, unseen, goes down.

Oh, ye with banners and battle shot,  
And soldiers to shout and praise,  
I tell you the kindest victories  
fought

Were fought in the silent ways!

## Eighty-Year-Old Soldier Writes

W. H. Clough, Co. E, Ward 5, Soldiers' Home, Cal., writes: "I have been troubled with constipation for years. I have found Foley Cathartic Tablets keep me in a better and natural shape than any medicine I ever have taken. I am almost eighty years old and I am pleased to tell you of the value I have received." Foley Cathartic Tablets cause no pain, nausea nor griping. They relieve indigestion, sick headache, biliousness and sour stomach. (Adv.)

## COX'S FIGURES CORRECT, TESTIFIES BIG REPUBLICAN

**Helped Raise \$400,000 in Cleveland;  
Cox Right As To  
Atlanta**

Chicago, Sept. 10.—First evidence supporting Governor Cox's charge that large quotas were assigned to the principal cities by the Republican Campaign Fund Committee was introduced in the Senate committee investigation Tuesday when Dudley S. Blossom, who helped raise Cleveland's quota, testified Governor Cox's figure of \$400,000 for that city were correct.

Senator Reed called the witness' attention to the quota sheet submitted last week by Fred W. Upham, Republican national treasurer, which fixed the amount for the entire State of Ohio at \$400,000.

Mr. Blossom testified that A. A. Protzman, a paid agent of the National Committee, was present when the Cleveland quota was announced as \$400,000 and that Mr. Protzman helped direct the raising of the money.

Forty teams of six men each were organized for the drive. Mr. Blossom said, twenty under his direction and twenty under C. T. Brooks.

### List of 3,000 Prospects

A list of 3,000 names of prospects was provided by W. R. Woodford, chairman of the Ways and Means Committee of Cuyahoga County, and from this list each team captain selected the names of fifty to seventy-five men to be canvassed by his team. Some of the cards on the list as furnished by Mr. Woodford were marked with the amount the prospect should give, Mr. Blossom said.

Mr. Blossom who is director of public welfare of the city of Cleveland, testified that Mr. Woodford asked him last July to head a squad of twenty teams and that the actual work of raising the money was set for the week of August 16. A luncheon was held each day and the general plan of the Red Cross and Liberty loan drives followed. Congressman Fess of Ohio, chairman of the Republican Congressional Campaign Committee, was a speaker at one of the luncheons of the team workers.

### \$400,000 Goal in County Alone

"How were these 3,000 prospects picked?" Senator Reed asked.

"They were chosen because they were known Republicans," Blossom explained, "and because it was thought they were able to contribute to the fund."

"There are surely more than 3,000 Republicans in Cuyahoga County. Why were these 3,000 chosen?"

"Mr. Woodford made up the list, I had nothing to do with it."

"You were to get \$400,000 in Cuyahoga County alone, although this quota sheet introduced last week by the Republican National Committee shows the goal for the entire State of Ohio was only \$400,000?" Senator Reed continued.

"Yes sir, that was my understanding."

### The Atlanta Testimony

The Atlanta testimony came from C. W. McClure, former Republican candidate for United States senator from Georgia. He said C. F. Taylor a paid worker for the Republican national treasurer, brought a letter from Fred W. Upham stating an attempt was to be made to raise more money there. The witness also said Dr. J. C. Stockbridge of Atlanta quoted Taylor as saying they hoped to raise \$25,000 in Atlanta alone. This was the amount charged by Gov. Cox as the quota for that city and given by Mr. Upham as the quota for the entire state of Georgia.

## THE BLACK CAT CLUB WITH MISS SIMMERMAN

Miss Winnie Davis Simmerman was hostess to the Black Cat Club recently. A number of interesting games of "500" were played. Mrs. Henderson Murphree winning the prize for high score. After the games a most delicious lunch was served. The guests of the afternoon were: Mrs. C. R. McCallister, Columbus, Ga.; Mrs. Vernon Ligon, Frankfort, Ky.; Mrs. A. C. Porter, City. The Club members present were Mesdames L. T. Riley, Henderson Murphree, John Taylor, A. D. Kirk, Misses Lella Glenn, Mattie Duke, Norine Barnett, Mary Laura Pendleton and Mary Marks.

**BUDGET AND QUOTA**

Mr. Upham, treasurer of the Re-  
publican National Committee, says  
that Governor Cox does not know  
the difference between a "quota"  
and a "budget."

He describes a quota as "a dream  
a roscate estimate, something no-  
body expects to get." Yet the Re-  
publican Treasury Bulletin states  
that a great many cities have over-  
subscribed their quota. The Wash-  
ington (D. C.) Republican chair-  
man admits Washington's quota is  
\$50,000, as stated in the list and  
says he is going to get it.

It is Mr. Upham who does not  
know the real distinction between  
a quota and a budget. His idea is  
that a quota is what they get and a  
budget is what they admit they get.

Governor Cox and Franklin Roose-  
velt keep to the vital issues of the  
campaign as expressed by the cam-  
paign slogan, "Peace, Progress  
and Prosperity." That is to say,  
they stress the League of Nations,  
the progressive ideals of govern-  
ment and the economic and indus-  
trial features of the platform and  
the reduction of taxation. These  
are the real issues that appeal to  
men and women alike, as demon-  
strated by Governor Cox in West  
Virginia and Indiana and by Mr.  
Roosevelt on his Western trip where  
he found the people progressive, and  
strong for the league.

The Republican national plat-  
form ignores the achievements of  
American arms in the World War.  
No American soldiers ever did more  
valiant service than our boys in  
France, and no one could give a  
reasonable excuse for denying them  
the recognition they deserve.  
—Leitchfield Gazette.

**30 ARMED MEN GUARD  
MAGOFFIN STILL, REPORT**

Prestonsburg, Ky., Sept. 13.—In-  
formation has reached here that five  
huge-capacity moonshine stills, pro-  
tected by at least fifty armed men,  
are being operated in Magoffin Coun-  
ty. It is also reported that a prohi-  
bition officer recently entered the  
moonshine district of Magoffin, with  
warrants for arrest of several still  
operators, but he became intoxicated  
and gambled the warrants away to  
the moonshiners.

**EX-KING FIGHTS EXPULSION**

Geneva, Sept. 15.—Official re-  
quest for the expulsion of former  
King Constantine from Switzerland  
has not as yet been received from  
Athens by the Swiss Government,  
according to information received  
from Berne. Constantine, who is  
staying at Lucerne, denounces the  
attempt by the present Greek Gov-  
ernment to have him expelled from  
Switzerland, in a telegram to the  
Associated Press.

"As I told you when I had the

pleasure of seeing you," he wires,  
"I had nothing to do with the mur-  
derous assault upon Premier Veni-  
zelos in Paris on Aug. 12. If the  
Greek Government should demand  
my expulsion from Switzerland it  
will not be the first intrigue against  
me nor the first attack upon my  
dignity. My enemies now spread  
false rumors without producing any  
evidence against me."

**PLOUGH TURNS UP****TWO-HEADED SNAKE**

Louisville, Ky., Sept. 13.—Jacob  
Graf, a farmer living near St.  
Joseph Hill, eight miles north of  
New Albany, looked into the furrow  
he had plowed. He shaded his  
eyes and looked again.

Then Mr. Graf reached for a club.  
The share of his plow had in-  
truded on a thriving colony of  
snakes, which hissed and squirmed,  
naturally.

Mr. Graf was not a snake charm-  
er, but he succeeded in quieting  
the serpents. Later he proceeded  
to bury them, but paused.

"Gosh," he said, "can you heat  
them" or words to that effect.

He stooped over and lifted one of  
the sinuous departed from the  
ground. It had two heads.

The reptile is on exhibition at  
Chester L. Graf's implement store,  
New Albany. It is said to be of a  
poisonous family.

SWEATERS MADE OF

**Mignonette  
Silk**

Of the many varied and practi-  
cal uses for which Mignonette Silk  
can be put to, one of the best from  
the economical standpoint is the  
making of sweaters. The silk is 33  
inches wide and on account of being  
extra wide only two yards are re-  
quired to make a sweater for the  
average sized woman. Anyone who  
delights in making her own clothes  
can make one of these very beauti-  
ful sweaters in one evening. The  
silk sells for \$3.50 per yard.

**Smart New Hats**

Where's the woman who does not thrill at the prospect  
of her first hat of a new season. Shall she get a large  
shape or a chic, close one? Shall it be black, dark  
brown or navy blue? Shall it match a particular frock  
or be neutral in tone and character so it may be worn  
appropriately with either late summer things or early  
wool silks or tailleur's?

Those are just a few of the questions to confront  
madame. We are prepared to answer the many ques-  
tions by having a large showing of the latest styles set  
by Dame Fashion. Of which we wish to call particular  
attention to the beautiful feather hats in subdued shades  
the popular duvetyne, which is shown in the beautiful  
fall colors; also for those who wish the wider brim,  
which is proving so fashionable, a large showing in sail-  
ors of hatter's plush are on display for your selection.  
You can find pretty and fashionable hats priced from  
as low as \$5.00 upward.

rived in Chicago with a thrilling  
robbery story. They were the Rev.  
August Berglund, Swedish Baptist  
minister, and his wife, who are on  
their way to Alchester, S. D.

As Mr. and Mrs. Berglund stepped  
up to the door of a coach in the  
Pennsylvania Station in New York,  
they said, two men grabbed the min-  
ister by the throat and extracted \$1,-  
000 from his coat pocket. The men  
escaped in the crowd.

## Men On \$150 a Week Salary Crowd Pay List of G. O. P. National Treasurer

Chicago, Sept. 11.—Friction be-  
tween Senator Reed and Harry M.  
Blair, aid to Fred Upham, Republi-  
can National Treasurer, broke at  
the night session, when the Missouri  
Senator accused the witness of be-  
ing insolent. Senator Reed's ire  
was roused when Mr. Blair, asked  
what his salary as assistant to Mr.  
Upham is replied:

"Six hundred dollars a month.  
I have no perquisites as Senators  
do."

Do you know of any perquisites  
Senators have, since you are an  
insolent? Senator Reed asked. "Let  
me tell you something. You are a  
witness here and you are going to  
answer questions like a gentleman."  
Senator Kenyon intervened and  
restored peace.

Mr. Blair told the committee that  
his assistants were paid from \$150  
to \$600 a week, Chicago, New York  
and several other cities each have

an individual director, he said.

The Chicago director, Frederick  
C. Barbour, head of a New York or-  
ganization of professional money  
raisers receives \$600 a week and his  
hotel bills. He estimated there were  
600 men engaged in the Chicago cam-  
paign to raise \$500,000 in the next  
seven days.

In addition, Mr. Reed brought  
out, there is a women's organiza-  
tion which has been raising money  
for four or five months in Illinois.

Among his paid assistants, most  
of whom in addition to their sala-  
ries receive \$50 weekly for expenses,  
Mr. Blair named: Henry E. Owen,  
Central region director in which is  
Kentucky, \$200 weekly; J. H. Mit-  
chell, Indiana director, \$150, and  
Morton McCormac, Tennessee direc-  
tor, \$100.

Mr. Reed characterized the Re-  
publican treasurer's salary list as  
the "highest ever spent by any na-  
tional committee."

## POLAND TO RETAIN LIBERTY OF ACTION

Government Insists On Taking  
Any Measure of Defense  
Against Reds

Paris, Sept. 11.—The Polish note  
to the League of Nations asking it  
to mediate in the Polish-Lithuanian  
controversy says that while the Pol-  
ish armies were retreating before  
the Russian Soviet forces the Lithu-  
anian Government concluded an  
agreement with the Soviet Govern-  
ment at Moscow authorizing the So-  
viet Army to make use of Lithuanian  
territory for its passage and the  
establishment of a military base.  
This the note points out, was a  
breach of neutrality. The note con-  
tinues:

"The Polish Government was thus  
faced with open and direct aggres-  
sion from Lithuania. There is no  
doubt possible that the armies of  
Lithuania are allied with the Red  
Army and that the Lithuanian Gov-  
ernment has become the tool of the  
Soviet Government. Owing to the  
fraternal relations which during sev-  
eral centuries have existed between  
the Polish and the Lithuanian peo-  
ples the Polish Government would  
have recourse to force of arms on-  
ly with great reluctance.

"The Polish Government has taken  
all measures to prevent any con-  
tact between its troops and Lithuanian  
forces. It will avoid battle as  
long as the strategical situation per-  
mits.

"Owing to the danger to Poland  
created by the concentration of Bol-  
shevik troops which is now under  
progress, the Polish Government  
must consider itself entirely free to  
proceed with necessary military  
operations to free Polish territory."

### \$250,000 FOR BEING KIND

Petersburg, Va., Sept. 13.—Ac-  
cording to announcement made to-  
day, Capt. W. Benjamin Davis, a  
former prominent resident of Peters-  
burg, now of Hopewell, has become  
heir to \$250,000 left him under pro-  
vision of the will of a woman of San  
Diego, Cal. Several years ago Capt.  
Davis was in San Diego and happen-  
ed to be near a car from which the  
woman referred to slipped and in-  
jured herself. Capt. Davis assisted  
her to her hotel and thought no  
more of the matter. The lady took  
Capt. Davis's name.

# Fordson

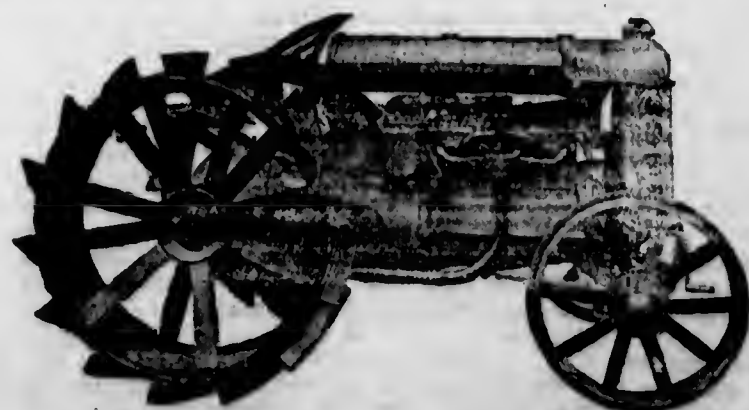

TRADE MARK

When Henry Ford set about building the Fordson tractor he had a  
thorough understanding of just what it should be and what it should do.  
His early life on the farm gave him a deep insight into the daily life  
of the farmers; his mechanical genius saw the type of tractor needed.  
He began work on a farm tractor thirty-five years ago, and for more than  
twelve years he experimented over more than 7,000 acres of land in  
different kinds of soil, with different crops.

So he built the Fordson. It is so simple that a schoolboy can  
operate it. It is low in first cost. It is lowest in operating cost and  
Fordson parts and Fordson service are always to be had promptly from  
the dealer.

The Fordson is a profitable investment. It can be used every work-  
ing day in the year. It is an inexpensive power plant that will lighten  
your farm work. It has proven its worth on more than one hundred  
thousand farms not only in operating implements in the fields but in  
belt and pulley work. And it doesn't eat when idle.

Don't delay ordering your Fordson tractor. The demand is great-  
er than the supply.

### DISRESPECT FOR THE PROHIBITION LAW

From the reports of the Superintendents of Bellevue and Kings County Hospitals, Commissioner Coler reaches the conclusion that the enforcement of the Prohibition Law has been "virtually a failure in the last six months." In the wards at Bellevue the number of cases of alcoholism increased from 101 in January last to 300 for August. At the Kings County Hospital "the severer type of alcoholic poisoning has come back." Everywhere there are indications of "flagrant violation" of the law, with August "the worst month since the Volstead act became effective."

There is plenty of liquor for any one who tries to obtain it, with only the difference that it costs more under Prohibition and is of inferior quality. But what is there at all astonishing in the discovery? Every month that passes increases the resourcefulness of the vendors of illicit liquor and multiplies the output of kitchen stills. With the opportunities for breaking the law enormously augmented and with scant attention paid by a large element of the population to the moral question of its violation, what else was to be expected? The very conditions invite the abuse of liquor consumption, and it was inevitable that its worst evils should increase under an enforcement which could not be made effective if its agents were multiplied tenfold.

The country is having an object-lesson in the futility of attempting to make the public observe a law for which it has no respect. It is a painful lesson, but it does not improve matters to get excited about it.—New York World.

### BUT, BOYS, GET THE MONEY

No one can count the sacrifices of American lives resulting from this premeditated unpreparedness. But, Boys, Get the Money!

Don't ever imagine for a moment that politics is a muddy pool. But, Boys, Get the Money!

It would be better to cultivate waiting opportunities in friendly soil in the New World than chase a phantom amid the evanes and rivalries of the Old. But, Boys, Get the Money!

Just now we need to practise economy in all things. But, Boys, Get the Money!

We hold to our rights and mean to defend—aye, we mean to sustain—the rights of this Nation and our citizens alike everywhere under the shining sun. But, Boys, Get the Money!

We must stabilize and strive for peace, the inevitable reaction to the train of sufferings, disappointments and reversals. But, Boys, Get the Money!

In the call of the conscience of the American to peace, peace that closes the gaping wound of world war and silences the impassioned voices of international envy and distrust. But, Boys, Get the Money!

So like Kelly did. Get the right man to see the right people. Boys, Get the Money!—New York World.

### MR. WALKER DELIVERS SERMON AT ASSOCIATION

In its report of the Breckinridge Association, the Breckinridge News says in part:

Among the other ministers who addressed the meeting were Rev. J. P. Jenkins, a representative of the State Board of Missions, Louisville; Rev. E. C. Nall, Cloverport; Rev. Flynt, of Owensboro, pastor of the Stephensport Baptist church, Rev. Russell Walker, of Hartford; and Rev. Lloyd pastor of the Macedonia church.

Rev. Walker, who was the former pastor of the Stephensport church, delivered a splendid sermon before the association on Thursday afternoon at the out-of-doors meeting.

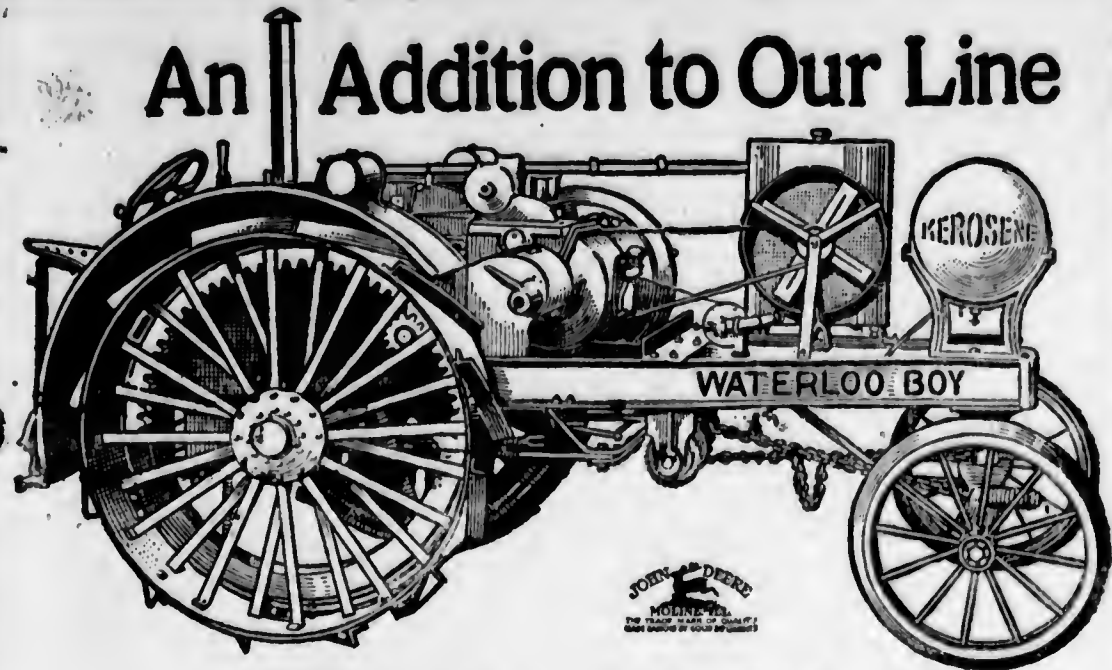

Mr. F. M. Allen, of Centertown, was a pleasant caller Tuesday. Mr. and Mrs. Allen contemplate spending the winter in Florida.

## WATERLOO BOY

The Original Kerosene Tractor

In offering to you the Waterloo Boy, the Original Kerosene Burning Tractor, we believe we have selected the most practical, economical and dependable farm tractor on the market.

### Points of Merit on Which Our Judgment Is Based:

**PAST PERFORMANCE**.. The Waterloo Boy has been a success on farms for five years. In no way is it an experiment.

**ECONOMICAL**.. It is a three plow tractor—most economical and practical size to use—burns kerosene perfectly without destroying lubricating oil. Its special, patented inbuilt manifold converts every drop of kerosene into pure gas—cylinders are not carbonized—spark plugs are not fouled. The perfect burning of kerosene saves the owner of the Waterloo Boy many dollars every year in cost of fuel and care of motor.

**POWERFUL**.. The two cylinders, with big bore and long stroke, furnish a guaranteed power of 12 H. P. at the draw bar and 25 H. P. at the belt, with ample reserve for emergencies. The Waterloo Boy pulls three plows under almost any field condition. Hyatt roller bearings at all important bearing points conserve full power. Weight of the tractor is sufficient to insure good traction for drive wheels.

**SIMPLE**.. Every part is easy to get at and easy to adjust or repair. It doesn't require a tractor expert to keep the Waterloo Boy in good working order. The crank case cover, the inspection plate, the upper half of gear case can all be removed for the purpose of inspection or repair—the operator can work from a standing position.

**DURABLE**.. Its heat-treated steel cut gears; its force and sight feed oiling system; its 11 sets of Hyatt Roller bearings at all important bearing points and its simple, powerful two-cylinder motor combined with uniformly high grade construction throughout, result in a tractor that has given and will give many years of dependable and economical service.

**FOR ALL FARM WORK**.. You can depend upon the Waterloo Boy in all farm power work, up to its high rated capacity. It is just as satisfactory in operating belt machines—threshers, shellers, ensilage cutters, hay balers, etc.—as it is in pulling tractor implements of all kinds.

### CREDIT GIVEN TO COX

Governor Made Suffrage Possible, Mrs. A. S. Baker Says  
Washington, Sept. 4.—Mrs. Abby Scott Baker, suffrage leader, who worked in close co-operation with Governor James M. Cox during the strenuous days when the federal amendment was being put through the Tennessee Legislature, showered bouquets upon Governor Cox, figuratively speaking, when she returned to Washington the other day and made a report of her experiences at suffrage headquarters.

"There is no comparison," she said, "between the assistance rendered by Governor Cox and Senator Warren G. Harding. Governor Cox made active personal efforts to gain favorable action by the Tennessee Legislature, and without his help the amendment would not have been ratified."

### How One Woman Was Helped

Althea Walker, New River, Pa., writes: "I have been troubled with weak kidneys for two years. I took Foley Kidney Pills and they helped me fine. I rest fine all night and now have no trouble with my kidneys." When the kidneys do not properly do their work, acids and poisons left in the system cause weak and lame back, dizziness, puffiness, swollen ankles and joints, aches, pains, soreness and rheumatic pains. Foley Kidney Pills have given relief to thousands of men and women.—(Advertisement.)

## A Word for the Ambitious Boy:

**M**ANY an ambitious farm boy is being tempted to go out into the world to seek his fortune. If you are considering deserting the farm, you are facing a crisis in your life that deserves much earnest thought and study.

Talk the matter over with men who ought to know the right course for you. Don't decide too hastily. Perhaps your father will take you into partnership, give you an interest in a plot of ground or in some livestock that will be the foundation of a fortune. Statistics show that the chances for business success are ten to one in favor of agriculture.

For every ambitious country boy there are a dozen city toilers, sick and tired of the endless grind, struggling desperately to keep abreast of the cost of living, longing for a chance to take their families to God's great out-of-doors. Millions of men of the city are envying you this minute because you are young and on the farm. They know that the four-leaf clover of your good fortune is growing by your home doorstep.

Good, modern, labor-saving machines are taking the drudgery out of farming and putting still more profit into it. We are headquarters for the International Full Line, including Titan tractors, International engines, and manure spreaders, Primrose cream separators, McCormick and Deering harvesting, haying, and corn machines, tillage tools, P.O. plows, etc. Such machines add to the profit and pleasure of daily life.

# Make your clothes money go further this fall

## YOU'LL find that we are trying to help our customers keep down the cost of clothes by two means.

### 1st---The best quality in clothes--Hart Schaffner & Marx goods

### 2nd--The lowest possible prices for such quality. We've marked our prices for fall as "close to the bone" as we can possibly go. We're going to do our part in this respect. We expect that we'll break about even on some of these goods.

## The main thing is that you'll get the kind of quality that gives long service; that will make your clothes money go farther than ever before.

## OWN MONEY NOT IN SCHEME

But Public Invested \$350,000, Old Colony Financier Says

Boston, Sept. 14.—Charles M. Brightwell, President and Treasurer of the Old Colony Foreign Exchange Company, testified at a receiver's hearing that he had invested none

of his own money in the scheme in which the public placed \$350,000 in the hope of quick riches.

He had only \$400 or \$500 when he started the company, he said. His withdrawals from it he placed at not more than \$500 and he denied that his wife had received \$1,100 as commissions.
